Our Strategy

Our strategy is driven by our purpose and helps us achieve our vision to become the UK's leading, technology-enabled specialist bank and an organisation of which our employees are proud. We focus on five strategic priorities to help us deliver our strategy. These are supported by three strategic pillars and eight values that underpin our culture and the way we do business.

Our strategy is to focus on specialist customers, delivering long-term sustainable growth and shareholder returns through a low risk and robust model.

Our Strategic Priorities

Growth

Growing our lending in specialist segments of the market where customers are underserved by the large, high street banks.

Capital management

Management of capital is a critical lever as we invest to grow our business and people.

Sustainability

Reducing the impact our operations have on the environment and ensuring we have a positive effect on our stakeholders and communities

Diversification

Continually developing our range of savings and specialist lending products in both existing and new markets, organically and through acquisition.

Digitalisation

Implementing sophisticated, digitally enabled, cloud-based platforms which enable us to deliver outstanding customer service, become more efficient, support decision making and address new markets.

Strategic pillars

A customer-focused culture

Expert knowledge and experience, supported by proprietary insight, data and analytics to deliver deep understanding and good outcomes for all our customers.

A dedicated team

An experienced, skilled and engaged workforce, and a unique culture underpinned by eight values.

Strong financial foundations

Prudentially strong, with a low-risk approach to lending, reducing volatility of earnings and enhancing sustainability of dividends.
